

Undergraduate

**Admission
Application**

It's your life.

It's your world. It's your classroom. Take part in it.

How to Apply

Applicants to CSU must submit the following:

1. A properly completed and signed official application for admission
2. A \$25 one-time **non-refundable** application fee (not required of former CSU students)
3. An immunization record showing immunity to measles, mumps, and rubella, chicken pox, tetanus, and possibly hepatitis B (depending on age).
4. In addition, the following documents are required for consideration for admission: (Use this form as a checklist.)

A. Freshman:

(A student with fewer than 30 semester hours or 45 quarter hours of transferable college credit)

1. Students should request that an official high school transcript be sent by their appropriate school official to the CSU Enrollment Services Office.
2. Students whose high school graduation date was fewer than 5 years ago should request official SAT or ACT scores to be sent to CSU. See the CSU academic catalog for minimum test score requirements.
3. Freshmen who have attended college should request that an official transcript be sent directly to the CSU Enrollment Services Office from each college attended. Transferring freshmen must be eligible to return immediately to the last college attended.
4. Students whose high school graduation date was five or more years ago and have earned fewer than 30 transferable semester hours of college credit are not required to take the SAT or ACT. These students, however, must take the University System of Georgia COMPASS Examination and complete Learning Support requirements if necessary. College Preparatory Curriculum admission requirements do not apply to these students.
5. High School Joint Enrollment students must have a minimum combined score of 970 on the SAT (or ACT equivalent), a minimum cumulative GPA of 3.0 in academic subjects, written approval (joint enrollment) or written recommendation (early admission) from the appropriate high school official, and written consent of the parent or guardian (if the student is a minor). Early admission students must meet higher admission requirements. Please contact the Office of Admission for details.

B. Transfer:

(a student with 30 or more semester hours, or 45 quarter hours, of transferable college credit)

1. Students should request that an official transcript be sent directly to the CSU Enrollment Services Office from each college attended. Transfer students must have a minimum cumulative GPA of 2.0 on a 4.0 scale and be eligible to return immediately to the last college attended.

Note: Research has shown that a greater rate of success is achieved by students who attempt the Regents Test immediately after completing freshman English. You are encouraged to attempt the Regents Test as soon after your freshman English as possible.

C. Transient:

(an applicant who is enrolled in another college or university may seek temporary admission to CSU.)

1. Students should request that a letter be sent directly to the CSU Enrollment Services Office from the registrar of the institution in which the student is regularly enrolled, indicating good standing and recommending admission to CSU as a transient student. (Transcripts of college work completed elsewhere are not required of transient students since they are not admitted to degree programs at CSU.)

D. Post-Baccalaureate/Second Undergraduate Degree:

1. Students in this category must have previously completed a bachelor's degree and have a minimum cumulative GPA of 2.0 on a 4.0 scale or higher.
2. A transcript from the school which awarded the degree must be sent directly to the CSU Enrollment Services Office.

E. Amendment 23:

(Georgia residents 62 years of age or older)

1. Applicants for Amendment 23 who meet all regular freshman or transfer admission requirements may register for classes and receive credit without payment of tuition and fees on a space-available basis. All students must pay special lab fees if applicable. A copy of a valid GA driver's license must be submitted to the Enrollment Services Office.

F. International:

(a student whose country of citizenship is other than the United States)

International students should contact the Enrollment Services Office for an international application and additional admissions information.

Areas of Study

If you are undecided about a major area of study, please indicate the major you are most likely to pursue. Students who are accepted will be assigned a faculty advisor who will assist in planning a course of study and, if desired, assist the student in changing majors.
